

Access Rack Crossbar Installation Guide

Hardware

Number	Part	Qty
1	Access Rack Crossbar	2
2	3/8" - 16 x 3/4" Button Head Cap Screw	8
3	3/8" x 7/8" Metal Washer	8
4	3/8" - 16 Flange Nut	8

Instructions

1. Mount each Access Rack Crossbar [1] above your current Lateral Crossbars. As shown in the images above, these Crossbars will be fastened through the holes and openings found on their surfaces.
2. As shown in **DETAIL A**, find an arrangement that works for your needs and allows you to fasten each base twice.
3. Secure each base using (2) 3/4" Screws [2], (2) Metal Washer [3] and (2) Flange Nuts [4].
